Incontinence Products

Request

1. Does your trust provide incontinence services?

   If so could you please answer the following question::

2. Number and cost of incontinence pads procured for use by continence services provided by Leicestershire Partnership NHS Trust in 2010/11 and 2011/12 (NHS year)

3. Total number and total cost of incontinence pads procured for use in all departments at Leicestershire Partnership NHS Trust in 2010/11 and 2011/12 (NHS year)

4. Any care pathway documents that are relevant to urinary continence services e.g. care pathway for urinary urge incontinence, continence symptoms referral guide, continence pathway redesign

Our Response

As a result of the Transforming Community Services initiative we underwent restructure. Transforming Community Services was a national programme to transfer the management of community health services from commissioning Primary Care Trusts to a range of other provider organisations. In Leicester, Leicestershire and Rutland a significant number of these services transferred to LPT on 1 April 2011.

1. Does your trust provide incontinence services?

   YES

   If so could you please answer the following question::

2. Number and cost of incontinence pads procured for use by continence services provided by Leicestershire Partnership NHS Trust in 2010/11 and 2011/12 (NHS year).

   Please see attached document

3. Total number and total cost of incontinence pads procured for use in all departments at Leicestershire Partnership NHS Trust in 2010/11 and 2011/12 (NHS year)

   Please see attached

4. Any care pathway documents that are relevant to urinary continence services e.g. care pathway for urinary urge incontinence, continence symptoms referral guide, continence pathway redesign
