

Access at the Bradgate Unit

Information for patients and visitors

The doors leading to ward areas are secure and a buzzer and intercom system is in operation.

It is not our intention to restrict people's movements unnecessarily. These measures have been introduced for the safety of our patients, visitors and staff.

If you want to access the ward areas, you must report to main reception. If you have used a car park, please remember to sign in, providing your car registration.

Please tell the receptionist the purpose of your visit.

If needed, the receptionist will release the doors leading to the ward corridors.

When you get to the ward corridor, please press the buzzer for the ward you wish to access.

You will be asked for your name and the purpose of your visit and the door will be released if it is appropriate to do so.

When you get to the door of the ward, press the buzzer and give your name.

If you are a patient - and you would like to leave the ward, please talk to a member of staff. As part of our on-going commitment to your continued care and safety, they will consider the following before allowing you to leave:

- your legal status under the Mental Health Act 1983 and any restrictions in place;
- any other concerns regarding your safety or the safety of others.

Please speak to a member of staff if you wish to discuss this further or if you do not understand what these measures may mean for you.

If you are a visitor - please let a member of staff know when you are ready to leave and they will open the doors for you.

When entering or exiting the ward, please make sure you secure the door behind you and raise any concerns you may have, concerning the doors with a member of staff immediately.
