

Dear

We are writing to you to let you know that some of the specialist health services for people with learning disabilities are moving.

All of the services that were based at Mansion House at Leicester Frith will be moving on the 1st, 2nd and 3rd June 2016.

This is because we can not use Mansion House any more

If you come to clinics to visit the doctors or psychologists, you will now go to either:-

A clinic at the Agnes Unit, which is just 5 minutes away from Mansion House by car

Or to Gwendolen House which is at the Leicester General Hospital site

When you get an appointment we will check which is the best place and send you more information

If someone from the specialist learning disability team sees you at home, this will stay the same.

A lot of our staff will move from Mansion House to Bridge Park Plaza.

This is in Thurmaston. This will be our main offices.

Our phone number will be 0116 295 5200.
If you do not have the new number for anyone please ring this number and they will help you.
