LPT Staff Travel Survey – Bradgate Unit Site

We need your views to help us develop a Travel Plan for Leicestershire Partnership NHS Trust at the Bradgate Unit Site.

Developing a Travel Plan will help provide environmental, financial and health benefits for all those who use the facilities at the Bradgate site. Furthermore, as part of the travel planning process, a review of parking facilities will be undertaken to address the existing parking problems at the site.

Please complete this short anonymous Staff survey to help us shape our plans for travel and car park provision in the future. It should take between 3 and 5 minutes to finish.

The information provided will be treated as confidential and processed in accordance with the Data Protection Act 1998.
