

Contractors and Construction Consultancy Services

Request

Can you please tell me the following:

1. How you procure Construction Consultancy Services
2. How you procure Construction Contractors
3. If by your own framework, please tell me:
 - a. The titles and content of the relevant frameworks
 - b. Who is on the current frameworks
 - c. The start and end dates of the frameworks
 - d. Any possible extension periods to the frameworks
 - e. The name and contact email of person responsible for the frameworks.

Our Response

Thank you for your recent request under the Freedom of Information Act 2000 for information relating to procurement of contractors and construction consultancy services.

We are pleased to supply the following information:

For minor capital we would use consultants & contractors on our approved lists; a pre-requisite is that such are members of "Construction-Line". For schemes above the financial limits set by the Trust in its Standing Orders & Standing Financial Instructions, we select following competitive tenders or quotations. The selection of firms to provide tenders / quotations is done from our approved lists via an automated rotational system. A copy of the Trust's Standing Orders & Standing Financial Instructions can be found on our website:

www.leicspt.nhs.uk/Aboutus-Whatwespensandhowwespens.aspx

For some larger schemes we use Procure 21 partners and in the past have used OGC contracts. Our current P21 Partner is Interserve, who was selected following extensive competition from organisations on the Government's Procure 21 approved list. We have been working with Interserve on the development of the Bradgate Unit for some eighteen months and intend to remain with them until the project is complete (probably in a further 3 years).
