Request

We are currently updating the database, please would it be possible to let me know the following. Please could I have the name, postal address, email, telephone number and name of provider services or PCT for the following people?

Family Nurse Partnership Manager (if applicable)

Health Visiting Team Manager

Head of Provider Services

Children's Commissioner

Director of Public Health

Head of Children's Services

Also as things are changing very quickly in the health landscape it would be great to find out how the health visiting team is being commissioned. In a lot of areas it is has gone to local authorities, the acute trust or GP consortia. If you could let me know that will be very helpful so I can build up a picture of what is happening or due to happen locally.

Our Response

On 1 April 2011 Leicestershire County and Rutland Community Health Services and Leicester City Community Health Services became part of Leicestershire Partnership NHS Trust.
