

Audiology Services

Request

. Please could you provide the information requested in the attached form.

Our Response

Thank you for your request for information under the Freedom of Information Act 2000, regarding audiology provision for deaf children. On 1 April 2011 Leicester City Community Health Services, along with Leicestershire County and Rutland Community Health Services, merged with Leicestershire Partnership NHS Trust (LPT). We are, therefore, pleased to attach the completed questionnaire in response to your request.
