

Printing Contracts

Request

Could you please send me details of any PRINT related contracts that the trust has in place, who it is with, when it was taken out and when it is up for renewal.

Our Response

We have a contract in place with NHS Shared Business Services for our standard print requirements. We are under contract until 31/10/2014.

Any ad hoc / specialist requirements are sourced through quotation (in line with Trust Standing Financial Instructions).

Please be advised that our Procurement Department will keep your details on record for any possible future requirements.
