

## Consultants PAs

### Request

1. A list of the number of programmed activity sessions (PAs) of every consultant psychiatrist currently employed by Leicestershire Partnership Trust.
2. Please categorise each consultant by division and/or specialty, but specific consultant names are not required.
3. If at all possible, please report the date they began to receive their current level of PAs.

### Our Response

Please find below the number of PA sessions for consultant psychiatrists currently employed by this Trust. Unfortunately, we are unable to provide the information in any greater detail, as due to the small numbers involved, to do so might enable individual consultants to be identified. This would constitute their personal data and is exempt under Section 40(2) of the Freedom of Information Act 2000.
