

Beds and Staffing

Request

I would be grateful if you could provide me with the following information relating to your adult mental health acute inpatient wards.

For each ward:

- How many beds are there?
- How many qualified and how many unqualified nursing staff are there on an early shift?
- How many qualified and how many unqualified nursing staff are there on a late shift?
- How many qualified and how many unqualified nursing staff are there on a night shift?

Our Response

We are pleased to provide the information you requested and we should be very much obliged if you would be willing to provide us with a copy of your findings once you have collated the responses from all the NHS Trusts surveyed.

Please note, the following figures do not include Therapeutic Liaison Workers, Ward Matrons and Coordinators per shift, which are in addition to the numbers below. Also, please note that we are in the closing stages of a skill mix review, so these numbers are likely to change:
