

Figures for the new referrals of district nurses to SHRC, together with skill mix and hours worked

Request

Under the freedom of information act could you please send me the figures of new referral for the district nurses at SRHC during the time of 2005 to present date. Please forward within 20 working days. Also the skill mix nursing grades and hours worked for the same period of time.

Clarified on 25th July:

SRHC stands for Springfield Road Health Centre

Our Response

Unfortunately, we do not hold the information going back to 2005 and can only provide it from 2009. The following figures relate to unique referrals into Springfield Road Health Centre. Please note: the figures for 2009 are incomplete.

2009	2010	2011	2012	2013 year to date
290	660	890	854	780

The skill mix nursing grades at the Springfield Road Health Centre since November 2011 include qualified district nurses 2.00wte (75 hours per week), qualified staff nurses 9.00wte (337.5 hours per week) and healthcare assistants 3.67wte (137.63 hours per week).
