

Information Sharing

Request

There are often issues faced around information sharing from trust to trust. I am contacting each of the 51 Mental Health Trusts in England and hoping to form a directory of contact numbers for the main point of contact with regards to patient information within each of the different trusts.

Our Response

It is unclear from your request whether you are referring to patient facing information, information sharing or patients' information rights. We are, therefore, disclosing the following contact details for both, as follows:

Name: Di Graham, Communication Specialist – patient and public information
Contact no: 0116 295 0030
Email: feedback@leicspart.nhs.uk

Name: Sam Kirkland, Records Transformation and Information Governance Lead
Contact no: 0116 295 0997
Email: IGTeam@leicspart.nhs.uk
