Request

For each of the last five years 2012, 2011, 2010, 2009 & 2008 or as far back as the Trust has the information if less than five years:

- The total number averaged for the year of Chiropodists/Podiatrists and other members of staff working in Podiatry Services within your organisation
- Broken down by Agenda for Change Banding 1 -9, plus Senior Management Contract arrangements.

Our Response

Leicestershire Partnership NHS Trust was a mental health trust and did not employ Chiropodists or Podiatrists until 1 April 2011, when we merged with the Leicester and Leicestershire Community Health services. We are, therefore, only able to provide information from 2011/12. There are no VSM (Very Senior Manager) contracts within the Division.
