

Staff Receiving Flu Inoculations

Request

How many of your staff have been given the flu jab this year? Please break the figures down per department, for example, in A&E. In each case, please provide the total number of staff, so I can see what percentage have been given the jab.

I would be grateful if you could tell me what date you have used to calculate the figures. For example, as of 1st December X number of staff in X,Y,Z, department have received the flu jab.

Our Response

As of 30th November 2013 we had a total of 5315 staff. Numbers of staff recorded as having had the flu jab on the same date are as follows:
