

Structures and Contact Names

Request

A structure chart for human resources, organisation and development, learning and development, recruitment, employee services, corporate services, workforce planning, medical staffing. The names and positions of individuals within these departments.

Our Response

Please find attached Structure Charts as requested above. We have included senior staff names within the structure of the Learning and Development Team. However, please see below for our most senior Human Resources Team.

Alan Duffell – Director of Human Resources & OD
Kathryn Burt – Head of Operational Human Resources
Sarah Willis – Head of Human Resources

Names of other, more junior postholders are being withheld as we believe the exemption under Section 40(2) applies and disclosure would be unfair to those individuals, who would not reasonably expect their names to be in the public domain and enquiries should be addressed to senior managers.
