

Inpatient and Day Case Bed Numbers

Request

Please advise the number of LPT beds, from your Inpatient and Day Case Bed Census, shown by category and as a total, that were available on 30/6/2015 and 31/7/2015 (or available on the closest date in June and July respectively for which you have data available, specifying date). By 'available' beds, I mean 'open' and not 'unoccupied'.

I would like to know the TOTAL number of beds available in LPT, including the category of those beds (eg mental health beds (identifying those for adults and those for children and adolescents), learning disability beds, general community beds and other beds. Please indicate where any of these beds are 'virtual'.

Response

As previously advised, we are aware that you appear to be acting in concert with another requestor and, as such, all such requests received within 60 days are being aggregated. We also note this is a repeated request from information requested under previous requests ref nos. FOI/1415/SG2408 and FOI/1516/SG2661. In an effort to be helpful, we are providing the information on this occasion. However, should you wish to receive this information in the future we will require a reasonable period of time to have elapsed between requests:

Unit Address	Mental Health Adult Services							Mental Health Services for Older People		Specialist Services		CAMHS		Learning Disability		Community Health Services		Total	ICS "Virtual beds"
