

Leicestershire Medicines Strategy Group

Request

We would like to request the following information regarding the prescribing of specialised infant formula for cow's milk protein allergy (CMPA) within Leicestershire Partnership NHS Trust

- 1) We have the following guideline document relating to CMPA prescribing listed for your organisation.
Leicestershire Medicines Strategy Group Prescribing Specialist Infant Formula (March 2014)

Please confirm if this is up-to-date and still in use?

- 2) If the above document is no longer used, please provide a link to, or a copy of, the most up-to-date guidelines referenced by your organisation.

Request for Re-use

We (IMS Health) request permission to re-use as a part of an independent analysis into NHS prescribing of CMPA products, which has been commissioned by one of our clients. The contents of the report **will not** be made available publically, but may be used by other IMS Health Group entities and service suppliers. The information in the report will be presented in a factual manner with all publication details staying true to the publisher.

We acknowledge that documents provided may be protected by copyright and will include a copyright statement to this effect at the end of any information we publish if requested by you.

- 3) Please can you confirm whether we are permitted to reuse any information provided under the Open Government Licence?

Response

Further to your recent Freedom of Information Request and our subsequent telephone conversation, I am writing to confirm that unfortunately Leicestershire Partnership NHS Trust do not hold the information you have requested. Leicestershire Medicines Strategy Group at University Hospitals of Leicester may hold the information you require, their contact details are as follows,
