

Out of Area Locked Rehabilitation Units

Request

Please could you tell me:

1. How many adults with mental health problems* were placed in a “locked rehabilitation unit” outside your local Foundation Trust area in the financial year 2015-16?
2. What was your total expenditure in the financial year 2015-16 for “locked rehabilitation unit” placements?

* By mental health problems, I mean: adults (people aged over 18 years) with a diagnosis of a severe and enduring mental health problem such as schizophrenia, schizoaffective disorder, bipolar affective disorder, personality disorder, Asperger’s Syndrome or another Autism Spectrum Disorder, with or without comorbid brain injury/organic brain disease (including dementia) or pre-morbid learning disability; but not including people with a sole/primary problem of dementia, learning disability or brain injury/neurological disease.

Please could you provide me with the above information as electronic copies in Excel format.

Response

We consider that Section 14(2) of the Freedom of Information Act applies to the information you have requested, as we have previously informed you that the Trust does not hold this information. However, please refer to our response to your previous request reference no: FOI-1516-SG3367 which we forwarded to you on 22nd December 2015. This response is attached for ease of reference.
