

## **Borderline Personality Disorder**

### **Request and Response**

I am writing to request data regarding the prevalence of Borderline Personality Disorder (BPD) in Leicester and Leicestershire.

Primarily, I would like to know how many individuals with a formal diagnosis of BPD there are locally.

In addition to this, a breakdown of the data by the following criteria is also requested:

- **Gender** of patients with a diagnosis of BPD.
- **Age** of patients with a diagnosis of BPD.
- **Location** (City or County) of patients with a diagnosis of BPD.
