We welcome your feedback

We would like you to think about your experience of our service. We would appreciate it if you could take a few minutes to scan the QR code on the right to take a short survey. By answering the questions, it will help us to understand your overall experience. This will help us to measure and improve the quality of care we give at Leicestershire Partnership NHS Trust. All of your answers are anonymous.

Appointments

If you cannot attend your appointment, please contact CAMHS as soon as possible on the contact number on your letter to discuss this. We will do our best to understand what is making this hard and find a way to help you to attend. Any appointments that you miss slow the process down, potentially delaying your treatment. Also, another young person who needs help could have had your appointment so if you can't attend your appointment (which is okay – sometimes things happen), please let us know as soon as possible by contacting the number on your appointment letter so we can reschedule your appointment and offer your cancelled appointment to another young person. If you miss multiple appointments without contacting us, we will close your case and remove you from CAMHS care so it's really important to keep in contact with us.

Smoke Free

Please remember that Leicestershire Partnership NHS Trust is a “smoke free” organisation. What that means is that when you attend for your appointment, you **will not be allowed to smoke in Trust buildings OR grounds**. In addition, the Trust has a commitment to supporting those who wish to reduce or stop smoking, through the provisions of Nicotine Replacement Therapy, as well as advice and guidance. If you would value the Trust help on this matter please ring 0116 295 4141, alternatively for a range of online support you can visit www.quitready.co.uk
