REQUEST: Please can I make a freedom of information request for current information on the population your trust currently serves and the number of HCPC practitioner psychologists (clinical or counselling) employed within the trust?

OUR RESPONSE: The current number of HCPC practitioner psychologists employed within the trust is 75. As for the population our trust currently serves, we are withholding it as we consider the exemption under section 21 applies. The information is published on our website. However, in an effort to be helpful, please find a link attached for the about us page on our trust website with this information:
