

**Ref No. SG8337**

**Date: 19 June 2019**

**REQUEST:** Please provide a list of the hospitals within the remit of Leicestershire Partnership NHS Trust which have a Specialist Stroke Unit (by which we mean a stroke unit with a 24 hours a day/7 days a week available team with access to a scanner and operator capable of triage for thrombotic / hemorrhagic stroke identification and location, presence of readily available infusion products and neurologist on call and follow up care).

In respect of each Specialist Stroke Unit on the list that you provide, please include:

1. The address of the Stroke Unit;
2. Their emergency telephone number (or, where there is no such number available, a telephone number for the hospital switchboard on which the relevant Stroke Unit may be contacted); and
3. If the capability to use surgical techniques to remove some thromboses via catheter is available in the relevant Specialist Stroke Unit (or if only available in certain more specialised stroke units please identify the units where such techniques are available).

**OUR RESPONSE:** As an integrated mental health, learning disability and community health services NHS Trust we do not hold the information you require and believe your request relates to the University Hospitals of Leicester NHS Trust, an acute Trust. They can be contacted at:  
<https://www.leicestershospitals.nhs.uk/aboutus/freedom-of-information/contact-us/>

We do, however, have a stroke rehabilitation unit, details of which can be found at:  
<https://www.leicspart.nhs.uk/OurServicesAZ-CommunityHospitalInpatientCare-StLukesHospitalMarketHarborough.aspx>, but confirm that no form of surgical intervention is practised in the unit.
