

**Ref No. SG8261**

**Date: 25 June 2019**

**REQUEST:** How many people have been diagnosed with body dysmorphia in the last five calendar years (2014-15, 2015-16, 2016-17, 2017-18, 2018-19)? Please can you break this down by year and say whether it was a primary or secondary diagnosis. Please also say if it was diagnosed alongside other things such as obsessive compulsive disorder or other conditions.

**OUR RESPONSE:** Unfortunately, we are unable to provide the information being requested, as the Trust records this diagnosis under the clinical code F45.2: Hypochondriacal disorder, which includes body dysmorphic disorder. However, in an attempt to be helpful, please find below the numbers of people diagnosed with Hypochondriacal disorder in the last five years:

2014-15: 0 Primary, 2 Secondary

2015-16: 1 Primary, 0 Secondary

2016-17: 1 Primary, 1 Secondary

2017-18: 2 Primary, 3 Secondary

2018-19: 0 Primary, 1 Secondary
