- e. It was obtained in connection with legal proceedings

5.4 Staff Side Learning representatives are accredited by their trade union/professional organisation to support the Trust in identifying representatives also have the right to reasonable paid time off for undertaking these duties and for relevant training.

6.0 Consultation

6.1 A key principal in this agreement that management will instigate meaningful consultation where changes in services affect staff. The mere passage of information will not be regarded as meaningful consultation. Meaningful consultation must involve affected parties and give them an opportunity to influence decisions and their application. The staff Equality Forum can be used to promote effective communication and reduce barriers such as accessibility, further information on this is available on the intranet:

http://www.leicspart.nhs.uk/_EqualityInvolvement-Equalityanddiversity-Staffequalityforum.aspx

6.2 Matters for consultation should include strategic planning decisions, decisions about the allocation of resources which have staffing implications. The development of, or changes to LPT policies and procedures, especially policies and procedures likely to affect Staff. This is especially important where decisions are likely to affect the job prospects or security of particular groups of staff.

6.3 LPT and Staff Side will establish and maintain a central Joint Staff Consultative and Negotiation Committee (hereafter called the JSCNC) and the Sub Groups of the Health and Safety Committee which will be the collective consultation and negotiation committee for all staff employed within LPT. The constitution of and administrative arrangements for the JSCNC are detailed in the agreed Terms of Reference.

6.4 The JSCNC will provide:-

- A central forum through which LPT can consult staff representatives on a range of issues;
- An opportunity for the Staff-Side to comment on and influence the business of LPT;
- A Forum to discuss other issues relevant to the general well-being of LPT's staff.

7.0 Negotiation

7.1 Scope of Collective Bargaining

The JSCNC will be responsible for local collective negotiation on matters such as:-

- Negotiation on local recruitment and retention premia;

- Negotiation on locally agreed reimbursement for business travel beyond those nationally agreed;
- Negotiation on locally agreed reimbursement for subsistence allowance beyond those nationally agreed;
- Negotiation on time off and facilities.

8.0 Time off for Staff Side duties and Activities

- 8.1 Subject to the needs of the service and adequate notification, accredited representatives should be permitted paid time off, including time to prepare for meetings and disseminate information and outcomes to members during working hours, to carry out Staff Side duties.
- 8.2 Reasonable time off with pay will be granted, subject to the conditions and arrangements set out below to accredited Staff Side representatives, to accredited Health and Safety representatives, and accredited Staff Side Learning Representatives to undertake the duties detailed in this policy.
- 8.3 Reasonable time off without pay will be accredited Staff Side representatives, to accredited Health and Safety representatives, and accredited Staff Side Learning Representatives to undertake Staff Side activities in addition to the paid leave included as detailed in this policy and subject also to the relevant conditions and arrangements.
- 8.4 The expectation is that it is good practice that staff representatives should indicate the general nature of the business for which time off is required and where they can be contacted if required. Requests should be made as far in advance as possible, as is reasonable in the circumstances. Wherever possible the representatives should indicate the anticipated period of absence. The expectation is that requests for paid time off for trade union representatives will not be unreasonably refused.
- 8.5 There is no entitlement to pay or time off in lieu if the duties are performed at a time when the representative would not otherwise have been at work. LPT recognises the disproportionate burden this may place on representatives who work part-time hours. In such cases, the individual's manager and the Staff Side Secretary will closely monitor the workload for part-time representatives.
- 8.6 Where Staff Side representatives are required to attend meetings with management or at management's request, for the purposes of consultation or negotiation, and such meetings are outside of their normal working hours, time off in lieu will be granted. Where time off in lieu cannot be given, then payment for the extra time actually spent at such meetings will be made in accordance with the terms of their contracts of employment.
- 8.7 Wherever possible, special arrangements will be made to accommodate representatives who work unsocial hours, especially night shift workers, who are required to perform duties or undertake training outside of their normal working hours. Such arrangements will be made between the representatives

and their managers and may include exchanging shifts with other employees, release for up to one shift before or following the period undertaking the duties/ training, or time off in lieu equivalent to the time actually spent on the duties at a future mutually acceptable date.

- 8.8 When making requests for time-off, representatives will indicate the nature of the business, where it is to be transacted and how long it is likely to take. Where any of these factors are likely to change, fresh approval to the revised arrangements must be sought.
- 8.9 Representatives will not unduly or unnecessarily prolong the time they are absent from work on duties or activities.
- 8.10 Representatives will, before undertaking duties and activities at a workplace other than the one at which they are employed, adhere to all relevant 'signing-in' procedures.
- 8.11 Where such meetings will involve a large proportion of staff in a department or in the workplace at one time, representatives will make every effort to time the meetings to minimise the effect on services or productivity, e.g. towards the end of a shift or working week, or just before or after a meal break. In any event, Staff Side agree to leave at work such members as are necessary to maintain essential services and safety.
- 8.12 Where meetings covered in 8.11 are held during normal working hours:
- The prior permission of management must be obtained.
 - All staff on duty who wish to attend must obtain their managers' specific approval to the necessary time off.
- 8.13 Paid time off will not be agreed for any representative's duties or for their members' activities, which is classed as industrial action. Where the representative is not part of the group taking action but is merely representing them, or is representing a group affected by industrial action, normal time off and facilities will apply.
- 8.14 LPT recognises the positive benefits that participation in some Staff Side activities can bring. Limited time off with pay will be granted to enable Staff Side representatives to participate in certain Staff Side activities, e.g. taking part as a representative in meetings of official policy-making bodies of the Trade Union/Professional Organisation (e.g. Executive Committees). Other examples may include attendance at National, Regional, Divisional, District, Area or other committees comprehending a membership wider than the employees of LPT. Travelling expenses incurred will not be payable by the Trust.
- 8.15 The amount of paid time off will be determined by the Director of Human Resources and Organisational Development in negotiation with the representative and their line manager and will be broadly based on the size of membership within LPT.

- 8.16 There is an expectation that representatives taking part in such activities and being granted time off with pay will provide feedback to the JSCNC and local JSCFs.
- 8.17 Members of recognised Staff Side organisations will be permitted to take reasonable time off during working hours to participate in such activities both with pay and without pay.

9.0 Annual National Conferences

- 9.1 LPT will, subject to the conditions and arrangements set out in section 7, allow time-off with pay for one accredited representative from each recognised TU/PO to attend annual national conferences. LPT will, in addition, allow time-off for any newly accredited representatives to attend. Paid leave will be limited to the duration of the conference or 4 calendar days, whichever is the shorter period.
- 9.2 Staff-Side representatives will liaise with their line manager to confirm they can be supported to attend no less than 8 weeks prior to the conference. They will also send the Deputy Director of Human Resources and Organisational Development details of attendance and will provide such information as is necessary to clarify/confirm timing and duration of conferences.
- 9.3 **Circumstances when Time Off may be refused**
Time off may be refused for either Staff Side representatives or members when:-
- Staff Side have provided unreasonable notice periods on behalf of the representatives;
 - activities do not fall within any of the categories in paragraphs detailed in this policy;
 - activities are not authorised by the union or professional organisation;
 - There is a significant detriment to service provision.

10.0 Training for Staffside Representatives

- 10.1 LPT recognises that Staff Side representatives will carry out their duties effectively if they possess the skills and knowledge relevant to those duties.
- 10.2 Staff Side organisations acknowledge their responsibility for ensuring the adequate briefing and training of their accredited representatives concerning their duties, the rules and practices of their Staff Side organisation, appropriate Agenda for Change, Medical Terms and Conditions, and LPT agreements, relevant legislation and general procedures and practice in employee relations.

- 10.3 LPT will however, include representatives in appropriate training undertaken within the Trust where it is agreed that such training would assist in the effective performance of their Staff Side duties. Consideration will also be given to arrangements whereby employee relations training could be undertaken jointly. Examples of suitable training included attendance at the Due Regard awareness sessions.
- 10.4 Accredited Staff Side representatives should be given adequate time off to allow them to attend trades union approved training courses or events. Time off should not be regarded as automatic, as employers have responsibilities to take account of the needs of service delivery. However, the expectation is that requests for paid time off to attend training courses should not be unreasonably refused as long as locally agreed processes are followed.
- 10.5 Reasonable time off with pay will be afforded to recognised accredited Staff Side representatives provided that:
- It is relevant to their duties as detailed in this agreement, and
 - The course has been approved by the T.U.C. or by their Staff Side organisation and
 - It is reasonable for the representative to be granted time off for such training.
- 10.6 Responsibility for the costs of fees and expenses connected with representatives' training rests with Staff Side organisation.
- 10.7 Requests for time off for training will be made to the appropriate line manager in writing and the representative will complete and submit a Study Leave Application form. Staff Side organisations agree to provide any relevant syllabus or prospectus indicating training content and confirming that the course is approved as required above. Where any problems arise concerning the approval of requests for time-off for training, the manager will seek advice from Human Resources.
- 10.8 Except in exceptional circumstances, Staff Side will give at least 6 weeks' notice wherever possible of the need to take leave for such training to enable rotas to be adjusted and service continuity to be assured.
- 10.9 Paid time off for training will be limited to a maximum of 10 days for the initial year of accreditation, and 5 days thereafter for each representative. In exceptional circumstances additional paid time off will be granted for representatives who have exhausted their entitlement for training events agreed by the Trust as being vital for conducive partnership working.
- 10.10 Pay will be either the amount that the representative would have earned during the time taken, or where earnings vary with the work done, an amount calculated by reference to average hourly earnings for the work he/she is employed to do.

11.0 Facilities for Staff Side Representatives

11.1 LPT will endeavour to provide recognised accredited representatives with the following facilities to aid the effective performance of their duties:

This is evidenced throughout the policy which promotes and encourages equal opportunities for granting of facilities and time off work for accredited representatives and members of Trade Unions/Professional Organisations (Staffside) / Health & Safety Representatives and Staffside Learning representatives

Staff side representatives are also key partners in the review and development of policies including challenging the effectiveness of Due Regard considerations

The first step in the PIA process is identifying the need for an assessment.</p> <p>The following screening questions will help decide whether a PIA is necessary. Answering 'yes' to any of these questions is an indication that a PIA would be a useful exercise and requires senior management support, at this stage the Head of Data Privacy must be involved.</p>
