Freedom to Speak Up Guardian
"Speak up, be heard!"
We encouraged Freedom to Speak up partners to help make speaking up business as usual.

We have co-designed improvements in technology in the community nursing service.

We have improved capacity and demand.

We have kept you safe through Covid-19.

We introduced WeImproveQ so we can make local improvements.

We have built a new CAHMS inpatient unit to improve environments.

We have celebrated your success.

Celebrating 100 years of learning disability nursing

"I'm passionate about ensuring services make reasonable adjustments for people with learning disabilities. I became a nurse in this area because I wanted to make a difference."
- Adenike Mott

We have held BAME listening events to co-design our risk assessments.
