COURSE NAME	COURSE DESCRIPTION	DATE & TIME
DUAL DIAGNOSIS – DRUGS AND ALCOHOL AND THE IMPACT ON MENTAL HEALTH	Dual Diagnosis is a term used to describe mental health issues and substance, drug or alcohol use. The aim of this course is to understand why people use substances and how they can be a coping strategy for mental health symptoms. We will discuss the issues raised by substance use and how to remain safe. In this course we look at how moving towards recovery is our overall goal and demonstrate how individuals are able to make that change. We will look at where we can access services and how we can support each other on this journey.	Returning Summer term 2021
	Dual Diagnosis – Drugs and Alcohol and the Impact on Mental Health is delivered in a single session at Leicestershire Recovery College.	
SPEAKING WITH CONFIDENCE	This course covers topics such as coping with stressful speaking situations; Techniques for keeping calm and creating enjoyable conversations. This supportive session will include study and small and whole group work, with learners being encouraged to participate at their own pace in a variety of activities such as small group discussions, fun short tasks and one-to-one chats with fellow group members. Learners will, by the end of the session, have had the opportunity to identify some key 'handy hints' to support future positive conversations, and will have had the opportunity to practice some of these in a supportive, friendly environment. The Speaking with Confidence course is delivered by the Leicestershire Adult Learning Service in a single session.	Returning Summer term 2021
LIVING WITH BI-POLAR DISORDER	This course follows on from the 'Understanding a diagnosis of Bipolar Disorder' and looks at ways to help you manage the ups and downs of bipolar disorder and discuss and develop effective self-management strategies. Treatment may be important, but there are lots of things you can do for yourself to feel better, gain more control and live your life. Living with Bi-polar is delivered in four sessions.	• Wednesday 3 rd ,10 TH ,17 TH , 24 TH March 1pm – 3.30pm Leicestershire Recovery College

There are many benefits of regularly practicing mindfulness including: less anxiety and emotional reactivity, as well as greater awareness, acceptance and ability to tolerate change.	Leicestershire Recovery College
	This course consists of a number of practical mindfulness 'experiments' and some tips on bringing mindfulness into daily life.	
MANAGING EMOTIONS	This course is relevant to those who sometimes find it difficult to manage emotions in a helpful and productive way. It is easy to let life get on top of us sometimes and to get frustrated, sad or anxious. It's even easier to turn these emotions inwards and be critical of ourselves. The sessions will be based on Dialectical Behaviour Therapy (DBT). The interactive course aims to equip you with practical tools and strategies to help manage emotions, so that you can enjoy life to its fullest. Managing Emotions is delivered by Life Links	• Monday 1 st , 8 th , 15 th March 1pm – 3pm Leicestershire Recovery College

NATURE FOR WELL-BEING AND RECOVERY – ABBEY PARK	This session could be for you if you would like to explore the role the natural environment can play in mental health recovery and wellbeing. Students will meet at Abbey Park, one of Leicester's premier parks, for a walk in its fascinating grounds and explore the remains of the twelfth century Leicester Abbey, and the ruins of Cavendish House, a seventeenth century mansion.	 Friday 26th March 10am – 12.30pm
	Time allowing, we will visit the popular and well established pets corner on the western side of the park which has a selection of birds and animals. The aim is to get out and about, exercise your	
	body and mind; all while having a good chat and enjoying the nature within the park.	
	Please dress in comfortable clothing and footwear suitable for the outdoor environment. Please bring some money to purchase refreshments at the Café, if required.	
	This outdoor activity will be held at Abbey Park and may go on for longer than the scheduled 2 ½ hours.	
GETTING GOOD SLEEP	Sleep is essential to life and a seemingly straight forward task. However, it is not uncommon for people to be held back in life due to struggles with getting to sleep. This course is aimed at people who are experiencing difficulties in sleeping, are keen to uncover what might be hindering their sleep and discover effective ways of getting good sleep. Topics will include: Why do we need sleep? How much sleep should I be getting? Common sleep difficulties. The link between mental health and sleep? What's keeping me awake and what can I do about it?	Returning Summer Term 2021
	Getting Good Sleep course takes place over 3 sessions.	
INTRODUCTION TO COMEDY FOR RECOVERY	Is life taking you too seriously? This one-off session will help us discover how the art of making each other laugh can improve confidence, self-esteem, literacy and communication skills, and, in turn aid recovery. We will look briefly at the biology of laughter, celebrate some of our favourite comics, and explore formulas for creating different types of comedy.	• Tuesday 2 nd February 10 am – 12 pm

USING MINDFULNESS FOR NATURE CONNECTION AND ENHANCED WELLBEING	This course is situated in a charming Edwardian manor house within Leicester's Botanic Gardens, surrounded by tranquil herb gardens, woodland, meadows, tropical and desert glasshouses, and water gardens. Take some time out to learn, explore and foster a deeper connection with nature, using approaches from mindfulness and ecotherapy. Develop your psychological understanding of why human beings benefit from connecting with our natural world and discover nature-based activities and techniques for supporting your mental health and wellbeing.	ONLINE • Monday 8 th , 15 th March 10am – 12.30 pm
	This course is currently being delivered online and has some outdoor components, so please be prepared for outdoor weather conditions and wear suitable clothing and footwear for light walking.	
YOGA FOR MENTAL WELLBEING NEW	Have you ever wanted to try yoga? These sessions are suitable for complete beginners, or for anyone who would like to understand how yoga can support good mental health. During each session, we will take some gentle movement, exploring simple yoga postures, which can help to develop physical strength and flexibility, and to ease tensions in the body. Then each session will conclude with a guided relaxation. Throughout each session, we will be working with simple breathing techniques, which can help to calm and quieten the mind. As well as providing you with the therapeutic benefits of yoga each time you attend a session, you will also be able to learn simple techniques that can be used every day to support physical, mental and emotional wellbeing. All of the postures and techniques taught within this course can be modified and adapted to suit each individual, regardless of your level of health and fitness. If you can breath, then you can practice yoga!	Returning Summer Term 2021

LONELINESS: GET BETTER CONNECTED	There can be many times when you can feel lonely, maybe after bereavement of a relative or friend, or perhaps after a period of illness which may have made going out or talking to people tricky. Feeling isolated from the company of others can get in the way of good mental health. Connecting with others can have a positive beneficial effect on both mental and physical health.	• Monday 22 nd February 1pm – 3pm
	This session will explore ways you could start to connect with others. Based on your interests and health you will have the opportunity to focus on the groups and opportunities to connect with others in your area. The making of inquiries will be discussed and a list of useful questions to ask group leaders will be written. Some useful conversational tips will be briefly covered which may help you to talk to others when you connect with people.	
STIGMA AND DISCRIMINATION	In this session we will explore the meaning of stigma and discrimination and what it means to you. We will discuss our own, and/or others, experience of being stigmatised and explore different ways to respond. We will also consider the concept of unconditional positive regard and discuss the best ways of addressing stigma and discrimination within mental health. This will be a light hearted, interactive session designed to generate discussion and ideas around this subject.	Returning Summer Term 2021

5 WAYS TO WELLBEING	to Wellbeing. The 5 ways to Wellbeing are a set of evidence based actions which can enhance health and wellbeing. They are: • Connect – connecting with the people around	• Friday 5 th February 1 pm – 3 pm
	 you: your family, friends, colleagues and neighbours. Be active – Find an activity that you enjoy and make it a part of your life. Keep learning – learning new skills can give you a sense of achievement and a new confidence. Give to others – even the smallest act can count whether it's a smile, a thank you or a kind word. Larger acts, such as volunteering at your local community centre, can improve your mental wellbeing and help you build new social networks. Take notice – be more aware of the present moment, including your thoughts and feelings, your body and the world around you. Some people call this awareness "mindfulness". It can positively change the way you feel about life and how you approach challenges. 	
	This session explores each in turn and looks at the practical ways in which we can incorporate The Five Ways into our lives.	
INTRODUCTION TO EMOTIONAL MINDFULNESS	This two hour, online session, will introduce the idea of emotional mindfulness, explore its importance to wellbeing and provide some tools to begin developing awareness of our emotional states. It will be an interactive session, building upon what we already know through exploratory questions and with completion of short exercises.	To be confirmed
EMOTIONAL MINDFULNESS	During this six week course we will explore our understanding of emotions, the impact of being in touch with or out of touch with our emotions and the effect that can have upon our lives and relationships, both the relationship we have with ourselves and those with others. We will also be looking at ways of developing our understanding of our emotions, using various tools, in order to explore, deepen insight into and build confidence in, our ability to handle our emotions.
