REQUEST: Please tell me how many beds are available in Leicestershire Partnership NHS Trust. By 'available' beds, I mean 'open' and not 'unoccupied'.

Please give me this information in terms of:

1. The total number of beds available.

2. The number of beds by category, such as: learning disability, mental health (adult male); mental health (adult female); child and adolescent; general community beds; other beds. Please indicate where any of these beds are 'virtual' or chair-beds.

3. The number of beds by location.
