Wishing you an enjoyable holiday season with your families and here's to a prosperous **2022.**

Please welcome two new temporary members of our Team

A massive thank you and congratulations to our Volunteer(s) of the Year, the Voluntary Transport Drivers who supported LPT throughout the pandemic delivering medication parcels to patients, sandwiches/donations for nurses plus lots more!

The Volunteer Christmas Quiz took place on Friday, 10 December, thanks to all those that participated, it was lots of fun!

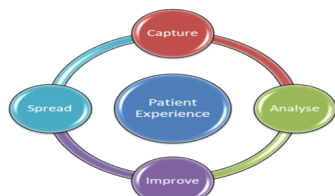

Volunteer Opportunities

Patient Experience Volunteers

We are recruiting volunteers and looking for friendly outgoing people to support our services to capture feedback about people's experience of our services. This is so we can hear people's views about how we need to improve the quality of services we provide.

Do you have good listening skills and confident communicating with people? Are you interested in improving NHS services?

If so, then this is a fantastic opportunity to gain new skills and knowledge and communicate with a variety of people.

Hours: variable to suit needs of service.

For more information, please contact The Patient Experience Team by email to: ltpatient.experience@nhs.net or phone: 0116 2950830

Volunteers to support the vaccination programme

As you almost certainly know the Covid Vaccination is to be supercharged over the next few weeks and here in Leicester, Leicestershire and Rutland we are increasing delivery across the system and need support from amazing volunteers like yourselves.
