Advice and support

For disabled children and young people with special educational needs and disabilities aged up to 25 years.

Young
Person's
Guide

Who are we?

Special Educational Needs and Disability Information Advice and Support Service (SENDIASS) help children and young people with special educational needs and/or disabilities get advice and support. We help with things to do with education, health and social care services.

What do we do?

- We can help with your education, health and social care
- If you're over 16 we can do this without your parents/carers if you choose
- We give advice support and guidance to help you make your own decisions
- You choose how we help, either by phone, email or meeting in person
- Everything you tell us is private, unless we are worried about your safety – but we would discuss this with you.
