## Get involved and make a difference

Every person who volunteers for us does have one thing in common, they're absolutely vital to our work.

### Healthwatch Advisory Board (HAB)

The Advisory Board advises on our strategy and priorities, helps make key decisions about how to use our powers, upholds our independence and supports partnership working.

### Enter and View Representative

Visit local services to highlight areas for improvement. The opportunity to observe health and social care services at the point of delivery; by speaking with staff, patients, residents, relatives and carers.

### Youthwatch

We want to hear from young people who have something to say about the services that they use. If you are under 25, why not consider becoming a member of Young Healthwatch?

### Community Champion

Supporting engagement work in communities by being active in their own local area, representing and channelling the views of local people.
